Improve allergy and asthma symptoms

By venting your central vacuum system outside, you remove the dirt and allergens from your home. By ridding your home of these allergy causing irritants, you can improve allergy and asthma symptoms, as well as the air quality in your home.

Clean and simple.

Proudly manufactured in the USA since 1956

VacuMaid® products are manufactured by Lindsay Manufacturing, Inc. in Ponca City, Oklahoma, and have been since 1956. We strive to provide high quality steel vacuum systems at an affordable price. **And, we are proudly made in the USA.**
